25 March 2021

Letter of Testimonial: Gregory Kong Ka-Ee

I have known Gregory as a student of the Diploma in Creative Writing for Television and New Media (DTVM), Singapore Polytechnic. Having taught him since Year 1, he has left a strong impression as a driven and passionate student.

For a Documentary Production module I taught, Gregory proved to be resourceful and did extensive research to find suitable profiles for his documentary film about sugar dating culture in Singapore. His final film was very insightful and well-done.

For his Final Year Project, Gregory and his team came up with a great concept for a documentary series about Gen Zs and the unconventional ways they love. Gregory took on the role of the Executive Producer and together, the team worked hard to research and find episodic stories that were interesting and went on to receive good reviews from the industry guest panel. The project was also selected to be showcased at the Media, Arts & Design School Graduation Showcase for his cohort.

Gregory also performed very well during his internship at Autism Recovery Network. He wrote many articles, and created website templates and designs. His marketing content for the company's website went on to help increase clientele intake by 100%.

I am proud of Gregory for all his achievements thus far, and I wish him all the best for his future endeavours.

Yours Sincerely,

Mary Chin (Ms)
